## What the Lions need to know so that you can become one of the 2026 Lions Swimarathon's main beneficiaries.

The theme for the 2026 Lions Swimarathon is “**Diversity and Inclusion**” which allows for potential beneficiaries in a wide range of charitable sectors including the elderly and those with special needs. It typifies the values the Lions and sponsors Titan Wealth uphold and allows active support for marginalized groups and the promotion of inclusive practices. It also affirms the joint commitment to building a fairer more equitable society.

Our hope is that we will find established projects that need additional support for growth or ideas that need funding to enable them to come to fruition.
